In connection therewith, Supervisor Kopp pointed out that there have been six oil spills on the Eastern Coast of the United States, all involving foreign flag vessels, that three foreign flag vessels have run aground on the East Coast, that a foreign flag vessel exploded in the Los Angeles Harbor, causing loss of life and injuries, as well as property damage, and that a foreign flag vessel even struck the United States Aircraft Carrier, the Franklin D. Roosevelt.

Supervisor Kopp further pointed out that on his reading of the Environmental Protection Act of the United States, an environmental impact statement should be obtained from any flag vessel carrying oil or similarly hazardous cargo, and that at a recent Bay Conservation and Development Commission meeting, a motion was referred to staff urging the Attorney General of the State of California to file suit against the United States Coast Guard for allowing vessels to enter San Francisco Bay without an environmental impact statement on how their cargo of oil affects the environment.

Supervisor Kopp further stated that the State Coastal Commission should be urged in the letter to consider similar court action with respect to territorial waters in its jurisdiction, and to likewise consider conferring with the office of the Attorney General for the purpose of joining in said suit on an amicus curiae basis.

No objection and Clerk directed to comply.

Committee Meeting

Supervisor Molinari, Chairman of the Legislative and Personnel Committee, announced a change in the meeting date of the Committee for its public hearing on data submitted by the Civil

Tuesday, February 22, 1977 — 2:00 p.m.

In meeting of the Board of Supervisors, San Francisco, Tuesday, February 22, 1977, 2:05 p.m.

The Board of Supervisors met in regular session.

CALLING THE ROLL

The roll was called and the following Supervisors were noted present:

Supervisors Feinstein, Francois, Kopp, Mendelsohn, Molinari, Nelder, Pelosi, Tamaras, von Beroldingen—9.

Absent: Supervisors Barbagelata, Gonzales—2.

Quorum present.

The Clerk announced that Supervisor Gonzales had asked to be excused from attendance because of personal business.

No objection and permission granted.

APPROVAL OF JOURNALS

Supervisor Kopp announced that there were errors in the Journal of Proceedings for Tuesday, September 7, 1976, and that the Journal would have to be edited and reprinted.

There being no objection, on motion by Supervisor Feinstein, seconded by Supervisor Nelder, approved of this and the Journal for Monday, September 13, 1976 was continued to Monday, February 28, 1977.

Taken Up Out of Order

Consideration Continued

There being no objection, on motion by Supervisor Feinstein,

seconded by Supervisor Pelosi, the rules were suspended in order to take up out of order the following recommendation of Planning, Housing and Development Committee:

Resolution designating and describing survey area in the Northern Waterfront area pursuant to California Community Redevelopment Law; providing for appointment of Citizens' Advisory Committee therefor.

File 120-77, Resolution No.

Supervisor Feinstein, seconded by Supervisor Pelosi, moved to continue consideration to February 28, 1977.

Motion to continue consideration adopted by the following vote:

Ayes: Supervisors Feinstein, Francois, Kopp, Mendelsohn, Molinari, Nelder, Pelosi, Tamaras, von Beroldingen—9.

Absent: Supervisors Barbagelata, Gonzales—2.

Taken Up Out of Order

Referred to Committee

There being no objection, on motion by Supervisor Pelosi, seconded by Supervisor Francois, the rules were suspended in order to proceed to Supervisor Pelosi's name on Roll Call.

Request that hearing be held to review management audit report of Retirement System, prepared by Board's Bureau of the Budget.

Supervisor Pelosi presented on behalf of Supervisor Barbagelata:

File 154-77

Referred to Joint Finance-Legislative and Personnel Committee.

In connection with the foregoing, Supervisor Pelosi, on behalf of Supervisor Barbagelata, requested that the following statement be included in the Journal of Proceedings:

"Based on my review of the report with Mr. Rose, I believe this is one of the most significant reports ever produced by the Bureau of the Budget. It is appalling to learn that the Retirement System continues to hold bonds yielding interest rates as low as 2¾% resulting in a projected loss of \$38.3 million by the year 2014, that the Retirement System maintains excessive cash balances of \$7 million with the Treasurer's Office, that the Retirement System loses the use of \$20.3 million due to poor estimating techniques, that the rate of disability retirements in San Francisco is 5 times that of Los Angeles, and that there has never been full disclosure of injury on duty disability payments which exceeded \$5 million in 1975-76. The Bureau of the Budget has reported that these and other significant findings have resulted

in losses to the City of over \$3.2 million annually. Further, it is also obvious that we must take a hard look at our Social Security System. It is estimated that by the year 2001, costs will have skyrocketed 3,062% since 1960-61 when the City began to participate in the Social Security program.

“But beyond the significance of the report deficiencies disclosed by the Bureau of the Budget, the response of the Retirement System appears to be designed to confuse rather than to be constructive. I am particularly concerned with the response by Retirement System stating that the adoption of the report recommendations by the Board of Supervisors constitutes ‘...a violation of the provisions of Section 2.401 of the Charter.’ This section clearly authorizes the Board of Supervisors to inquire into the matters of City government.

“Mr. Rose specifically stated to the Retirement System that the report recommendations were strictly advisory in nature. I would hope that the Retirement System takes a further look at the final report before writing it off. I will not write it off and I believe that my colleagues, Supervisors Molinari and von Beroldingen of the Finance Committee feel the same way. I further believe that they will support me in requesting that the President of the Board of Supervisors refer the report to the Finance Committee for a public hearing.

“Our intention is not to force recommendations on any City department—but our intention is to attempt to see that the Retirement System is operating in the best interests of the City and County of San Francisco.

“The Retirement System has an obligation to protect the vested interests of the employees as well as to operate in the best interest of the taxpayers of the City and County. Every dollar saved in practical efficient procedures results in a direct savings to taxpayers.”

CONSENT CALENDAR

All matters listed hereunder constitute a Consent Calendar, are considered to be routine by the Board of Supervisors, and will be acted upon by a single roll-call vote of the Board. There will be no separate discussion of these items unless a member of the Board so requests, in which event the matter shall be removed from the Consent Calendar and considered as a separate item.

Finally Passed

The following recommendations of Finance Committee, were taken up:

Ordinance appropriating \$272,000, Water Operating, for payment of judgment and interest in action entitled “Taylor, Brooks and Paroll vs. Mill Brae Meadows Swimming Club, Inc., City and County of San Francisco, et al., San Mateo Superior Court No. 178-326.”

There being no one else present desiring to speak, the Chair declared the hearing concluded.

The following from the Clerk were taken up:

Adopted as Amended

Resolution disapproving decision of City Planning Commission by its Resolution Nos. 7648 and 7649 denying applications for zoning reclassification and conditional use of property in the area of Egbert and Donner Avenues, and Earl, Donahue and Fitch Streets; certifying review of declaration of negative environmental effect.

File 93-72-2.2, Resolution No. 209-77

Motion to Amend

(See *infra* for rescission of action)

Supervisor Francois, seconded by Supervisor Gonzales, moved to amend the foregoing proposed resolution by adding the following condition for the automobile wrecking yard at 998 Egbert Avenue: "That this authorization shall be only until an alternate site, or sites, acceptable to the City Planning Commission and the Board of Supervisors has been found, but in no event shall said authorization extend beyond any termination date for said use of the subject site set by the State of California in connection with establishing a park on the subject and adjacent properties".

Motion to amend adopted by the following vote:

Ayes: Supervisors Barbagelata, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Nelder, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Molinari—1.

Supervisor Francois, seconded by Supervisor Gonzales, thereupon moved adoption of the pending legislation as amended, and it was adopted by the following vote:

Ayes: Supervisors Barbagelata, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Nelder, Pelosi, Tamaras, von Beroldingen—11.

Rescission of Actions

After further discussion, Supervisor Francois, seconded by Supervisor Pelosi, moved rescission of the previous action of the Board in adopting as amended the pending legislation.

No objection and motion carried.

Supervisor Francois, seconded by Supervisor Pelosi, thereupon moved rescission of the previous action of the Board in amending the pending legislation.

No objection and motion carried.

Motion to Amend

Supervisor Francois, seconded by Supervisor Pelosi, moved to amend the pending legislation by adding the following conditions for the automobile wrecking yard at 998 Egbert Avenue:

1. That authorization is for the storage of inoperable vehicles on Block 4906 and for the storage of inoperable vehicles and dismantling of vehicles on Block 4905;
2. That vehicles held for dismantling shall be disposed of as soon as possible. Stacking of vehicles held for dismantling may not exceed a height of 2 vehicles or 8 feet, whichever is lower. No vehicles may be parked or stored within 5 feet of the required fence;
3. That a 10-foot fence shall be maintained in good condition around the perimeter of the automobile storage and dismantling yard at all times. The existing fence shall be repaired where necessary within 3 months from the effective date of this resolution;
4. That no additional signs shall be permitted;
5. That no loading or unloading of vehicles or other substantial inventory items for dismantling or for disposal purposes shall be permitted in any street right-of-way. All loading shall be done on applicant's premises;
6. That applicant shall be held responsible for the disposal of parts and abandoned vehicles within 100 feet of the premises and for temporary storage of vehicles sold at lien sale within that 100 foot radius. No vehicles sold at lien sale may be parked or left temporarily on any nearby street or on private property outside the fence, and no equipment used in connection with this yard shall be left on any of the surrounding streets;
7. That maintenance of landscaping required in resolutions 5723 and 6336 shall be continued for the duration of said authorization;
8. That access to this yard by commercial vehicles shall be from Third Street via Carroll Avenue to Fitch Street;

9. That this authorization shall be only until an alternate site, or sites, acceptable to the City Planning Commission and the Board of Supervisors has been found, but in no event shall said authorization extend beyond any termination date for said use of the subject site set by the State of California in connection with establishing a park on the subject and adjacent properties. All vehicles, parts, fences and equipment shall be removed by the applicant and the site cleared of debris by the date of termination of this conditional use authorization; and
10. That a proper legally binding guarantee approved by the City Attorney as to form, and the Controller as to surety, shall be posted by the applicant with the Department of City Planning guaranteeing site clearance as specified in condition number 9.

Motion to amend adopted by the following vote:

Ayes: Supervisors Barbagelata, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Nelder, Pelosi, Tamaras, von Beroldingen—11.

Consideration Resumed**Passed for Second Reading as Amended**

The Board thereupon resumed consideration of the following from Board Caucus without recommendation, heretofore considered and temporarily postponed, appearing on the Calendar under Unfinished Business:

Salary Standardization Ordinance, Charter Sections 8.400, 8.401 and 8.407, for miscellaneous employees, effective July 1, 1977.

File 106-77, Ordinance No.

Supervisor Molinari, seconded by Supervisor Feinstein, moved passage for second reading.

**STATEMENT BY SUPERVISOR JOHN L. MOLINARI
RELATIVE TO SALARY STANDARDIZATION
ORDINANCE FOR MISCELLANEOUS EMPLOYEES**

FOREWORD:

The Salary Standardization recommendations for miscellaneous employees for fiscal year 1977-78 are the first to be prepared under the new procedures mandated by Charter Section 8.407 (Proposition "D", November, 1976). The Civil Service Commission has certified to the Board of Supervisors the prevailing basic pay rates for miscellaneous employee classifications, utilizing the formulae and procedures required by those Charter provisions.

The Board of Supervisors is mandated to fix basic rates of pay as close as reasonably possible to the prevailing rates certified by the Civil Service Commission, and shall not set the maximum rate for any class in excess of the maximum prevailing rate for that class. Also, no employee shall have his basic pay rate reduced by the process. The proposed Salary Standardization Ordinance which is before the Board conforms to those requirements.

In considering these Salary Standardization certifications over the past several weeks, your Legislative and Personnel Committee has had the advantage of the full participation by all members of the Board. A central factor in that process has been a full recognition of the severe financial circumstances which continues to confront both the taxpayers and the employees of the City and County.

All data regularly submitted has been evaluated with extreme care, has been referred to the Civil Service Commission for review and analysis, and has been returned to the Board with such revisions and certifications as the Commission deemed warranted.

All interested parties were given an opportunity to be heard fully and publicly. Civil Service Commission certifications and determinations as originally submitted and as revised, have been reviewed comprehensively and intensively by the full Board during long hours of careful consideration.

The Board has given the Civil Service Commission's recommendations as to working conditions and benefits in the administrative provisions careful review. Estimates as to the cost-to-the-City of the Civil Service Commission's determinations and certifications, reviewed by the Board's Budget Division, are that the

working condition fringe benefit determinations cost \$5,342,748 and major fringe benefit determinations cost \$29,650,209. Therefore, the Board deferred final decision concerning Commission determinations and certifications until conclusion of the meet-and-confer sessions which are required under pertinent State and City and County statutes.

The process of meeting and conferring regarding those benefits has been pursued most diligently since receiving the Civil Service Commission's recommendations on January 31, 1977. The Board's Chief Negotiator, Mr. Patrick Mahler, and the staff of the Employee Relations Division, met and conferred with 19 certified employee organizations and consulted with 10 registered employee organizations. In excess of 300 hours were logged for such legally required meetings.

By March 15, 1977 the representative of the Board of Supervisors and a representative of the following recognized employee organizations reached agreement through the meet-and-confer process on matters contained in the Annual Salary Standardization Ordinance:

Building Materials and Construction Teamsters Union
Local 216,

Warehouse Union, Local 860, Deputy Sheriff's Association,
Operating Engineers, Local No. 3,

Painters Local Union No. 4,

Pattern Makers Association of San Francisco and Vicinity,
San Francisco Municipal Planners Association,

Service Employees International Union, Locals 66A, 250,
400 and 535,

Union of American Physicians,

Transport Workers Union of America, Local 250-A,
AFL-CIO,

Automotive Machinists No. 1305,

American Federation of Teachers, San Francisco Federation
of Teachers, Local 61, AFL-CIO

In addition to the above the representatives of the Board of Supervisors and the representatives of the Stationary Engineers, Local No. 39, International Union of Operating Engineers, a recognized employee organization, reached an agreement and signed a Letter of Understanding through the meet-and-confer process.

The representative of the Board of Supervisors and the representative of the Hod Carriers Local No. 36 and the Municipal Executives Association reached agreement through a consultation process.

Those above agreements constitute proposed amendments to the Administrative Provisions of the Ordinance, for consideration by the Board today; they are summarized later in this report.

The representative of the City and the respective representatives of the following recognized employee organizations did not reach an agreement through the meet-and-confer process.

International Brotherhood of Electrical Workers, Local No. 6,

Laborers International Union of North America, Local 261,

United Association of Journeymen and Apprentices of the
Plumbing and Pipefitting Industry, Local No. 38,

Sheet Metal Workers International Association, Local No. 104

DOCUMENTATION:

Each member of the Board has received a copy of:

(1) The Civil Service Commission's report of the Salary and Wage Survey dated January 28, 1977, and the proposed schedules of compensation as certified by the Commission for classifications subject to the provisions of Charter Sections 8.400, 8.401, and 8.407, together with the Commission's letter of transmittal dated January 31, 1977.

(2) The Commission's letter to the Board of Supervisors under date of March 14, 1977, transmitting the Commission's certification of updated salary information for classifications subject to the provisions of Charter Sections 8.400, 8.401 and 8.407.

The foregoing constitute the Civil Service Commission certification and recommendations. Presented to each Board member today, is a copy of the latest certified salary schedule and proposed Administrative Provisions, together with proposed amendments to the Administrative Provisions.

ADMINISTRATIVE PROVISIONS:

The Legislative and Personnel Committee and all Board members studied intensively the Civil Service Commission's determinations and certifications as to Administrative Provisions, as well as others which were urged independently by employees. It gave careful attention to both verbal and written representations by interested individuals and organization representatives, and referred those provisions to the Employee Relations Division for the meet-and-confer process.

The Committee recommends that the Board approve and adopt the amendments to the Administrative Provisions as submitted today; those amendments are summarized as follows:

(1) Provision of protective clothing for automotive machinists, porters and laundry workers, and foul weather clothing for automotive servicemen.

(2) Continuing the various exceptions to the 40-hour work week as contained in the current 1976-77 Salary Standardization Ordinance, except for hod-carriers, for whom a 40-hour week is proposed to provide conformity with work-crew schedules.

(3) Deleting contagious disease pay, per certification from Civil Service Commission that it is not a prevailing practice to provide such pay.

(4) Continuing the various exceptions regarding night-duty premium pay as contained in the 1976-77 Salary Standardization Ordinance; adding revised provisions for automotive servicemen to provide a 10% night differential and a 15% midnight differential.

(5) Providing a 2.5 step premium pay for stationary engineers who perform supervisory duties outside of classification in excess of 15 cumulative days.

(6) Deleting the various hazard-pay provisions for various classifications and premium pay for painters, per certification from Civil Service Commission that such provisions are not included in the Commission's salary survey report, except that premium pay for tapers is continued.

(7) Providing compensatory time off to automotive servicemen for time spent outside of regular work schedule in obtaining Class I California Drivers License.

(8) Providing for medical examinations for stationary engineers and related classifications who are exposed to conditions hazardous to health; providing reimbursement to such classifications for cost of City and County or State certificates required for performance of job duties (but not driver's license), and allowing paid time for such certifications.

(9) Providing a uniform allowance for employees in Representation Unit 9 (security and detention personnel, but not sworn permanent and promotive Sheriff's Department employees), and for ambulance drivers and stewards. Total cost to City and County not to exceed \$100,000, fiscal year 1977-78.

(10) Providing for overtime rates for licensed vocational nurses, registered nurses, anesthetists, operating room nurses, public health nurses, and clinical nurse specialists.

(11) Providing that City Librarian may authorize librarians to work less than a normal work-week, if such employees volunteer for such a reduced schedule; such employees to be eligible for holiday pay.

(12) Providing for employees in Class 2220 Physician to earn holidays.

(13) Amending floating holiday language to emphasize that each employee shall receive a floating holiday and that the

scheduling of this holiday is by mutual agreement between the employee and the department head.

(14) Removing Section XII on insurance for management employees.

(15) Providing night shift and midnight shift differentials equivalent to those of automotive mechanic for class 9102 Transit Car Cleaner and 9104 Transit Car Cleaner Sub-Foreman.

(16) Amending Section X special procedures to make allowances for use of the grievance procedure and input from the Employee Relations Division.

(17) Removing \$36.00 per month upper limit for employees in class 2528 Medical Steward when assigned as "booking" steward.

NOTE: This item is found in the Compensation Schedules but is essentially an Administrative Provision.

(18) Providing a 10% premium pay for employees in class 2632 Cook Manager, Elementary School, when cooking for two or more schools.

NOTE: This item is found in the Compensation Schedules but is essentially an Administrative Provision.

Total cost for the foregoing working condition benefit is estimated at \$263,885.

SCHEDULE OF COMPENSATION:

The schedule of compensation which is now before this Board has been certified by the Civil Service Commission as conforming to the provisions of Charter Section 8.407 relative to prevailing rates, and reflecting the data developed from the Commission's initial salary survey for 1977-78, approved January 31, 1977, and from an updating of that survey approved by the Commission on March 17, 1977.

It is not feasible to set forth herein the details of those schedules. I shall, however, touch upon some significant aspects of the schedules which the Legislative and Personnel Committee believes should be noted by Board members and the public.

Approximately 16,700 employees of the City and County will receive salary increases on July 1, while the salaries for about 4,000 employees are currently above the level of prevailing rates, as shown in the salary survey. Thus, salaries for those employees now being paid above prevailing rates are not certified for an increase in 1977-78.

Salary increases submitted by the Civil Service Commission and estimated by the Controller to cost \$15,647,090, range from 2% to 38½%, with the ad valorem cost to the City and County being estimated at \$11,064,225. This figure includes basic salaries and costs for the City's contribution to retirement and social

security funds. It does not relate to costs for employees of the San Francisco Unified School District or the Community College District.

CONCLUSION:

The recommendations submitted today constitute the Civil Service Commission certifications, determinations, and recommendations, take into account the wage survey data, the data submitted by employee and taxpayer representatives, and reflect a number of lengthy and complex meet-and-confer sessions with many employee organizations. The recommendations of the Legislative and Personnel Committee also take into account the current serious inflation-recession-unemployment problems which confront the City and County.

Approval of these recommendations will provide salary levels which the Civil Service Commission states reflect the prevailing rates being paid for like work in the various jurisdictions outlined in Charter Section 8.407.

A majority of the Board of Supervisors shall order placed on the ballot of the General Election to be held on November 8, 1977, a proposed amendment to Charter Section 8.423, deleting from paragraph two, line five, the words "dental or". Voter approval would result in the extension of the existing health plan contribution survey to dental care contributions for employees only of the surveyed counties. By agreeing to order submitted to the voters such Charter amendment, the Board in no way indicates its undertaking to endorse or support the adoption of same.

It should be noted and stressed that the Board of Supervisors does not have option or the discretion to change the \$15,647,090 certification of the Civil Service Commission as to salary increases. Proposition D states that the Civil Service Commission shall determine the generally prevailing rates and the Board of Supervisors shall fix pay rates as close as reasonably possible to prevailing rates determined by the Civil Service Commission.

A majority of the members of the Board feel that it is clear and evident that Proposition D has not been "fair" to the taxpayer or the City employee. Of the 15.9 million dollar wage and working condition package before the Board today, the Board has had discretion to influence only some \$264,000.

Proposition D has taken the right and responsibility of the elected officials to set salary and placed it in the hands of non-elected appointed officials rather than elected representatives of the taxpayers. Therefore, I believe there must be a modification of Charter Section 8.407 (Proposition D), before the initiation of next year's Salary Standardization process.

The counsel of all Board members was freely and fully exchanged in all of the Salary Standardization sessions and related executive sessions with the Chief Negotiator. In light of all the

information which could be drawn reasonably from the great volume of data submitted, the Committee members are convinced that the recommendations are in full accord with the cited Charter provisions.

My committee colleagues, Vice Chairman John. J. Barbagelata, Dianne Feinstein and former Committee member Robert H. Mendelsohn, join me in officially submitting these recommendations. We wish to acknowledge the invaluable assistance and extremely diligent work performed by Mr. Patrick J. Mahler, Chief Negotiator; Mr. James Lazarus, Deputy City Attorney; Mr. John C. Farrell, Controller; Mr. Harvey Rose, Budget Director and Analyst; and their respective staffs.

JOHN L. MOLINARI, Chairman
Legislative and Personnel Committee

Motion to Amend

Supervisor Molinari, seconded by Supervisor Feinstein, thereupon moved amendment to the pending proposed salary standardization ordinance per Employee Relations Director memo to the Chairman of the Legislative and Personnel Committee, dated March 18, 1977, with addenda, said amendments reading as follows:

ROLL CALL FOR INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED ON BY COMMITTEE**Request Granted**

Supervisor von Beroldingen requested that a communication be directed to the United States Attorney's Office for opinion as to whether lobbying activities conducted through the use of premises or equipment funded by the Federal Government violates Regulation 570-201(e), relative to use of the bulk rate mailing permits

by the Community Development Program's Citizens Committee to lobby the Board of Supervisors on the 1977 Community Development Program.

No objection and Clerk directed to comply.

Supervisor Feinstein, joined by Supervisors Francois and Kopp, directed that a communication be sent to Chief of Police Charles R. Gain, advising him that members of the business community have brought to the Board's attention the fact that recent Police Department statistics clearly indicate a cause-and-effect relationship between dramatic increases in prostitution in 1976 and more serious crimes, including robbery, grand theft, assault, battery, narcotics offenses, kidnapping and burglary. The Supervisors requested that it be pointed out that statistics reportedly show an average of 70 serious crimes a month during 1976 which were related to prostitution, and in January of 1977 the monthly average of 70 was reduced to 39, in February to 33, and down to 7 for the first fifteen days of March, clearly indicating that the present policy of firm enforcement will lower and prevent other more serious crimes.

The Supervisors requested that the Chief be advised of their strong support for the department's firm enforcement of laws concerning prostitution which has resulted in a reduction of serious crime, and that he be requested to submit to the Supervisors on a monthly basis reports on the incidence of major crimes and the effect continued enforcement of prostitution laws has upon such crimes.

Supervisor Kopp requested that a copy of the foregoing communication be sent to Mr. James Vorenberg, of Harvard Law School.

No objection and Clerk directed to comply.

Supervisor Feinstein requested that a communication be sent to the Department of Public Health, requesting it to analyze and report on the health effects of microwave radiation from Mount Sutro Tower as had been reported to the Supervisor by constituents who live in the vicinity of the Tower who had pointed out that (1) Sutro Tower is the largest non-military source of microwave radiation in the City, and (2) readings taken by Federal health officials on the roof of the University of California Medical Center showed microwave radiation levels much higher than occupational limits in many countries.

No objection and Clerk directed to comply.

Referred to Committee

Resolution opposing passage of ACA 14 which would provide that a city or county may not impose a tax or license fee measured by the number of employees of any employer without the expressed consent of the Legislature, in order that

the California State Legislature does not deprive San Francisco of the income it receives from the Payroll Expense Tax.

Supervisor Feinstein presented:

File 12-77-17, Resolution No.

Referred to State and National Affairs Committee.

Request that hearing be held to consider the proposal of the Bureau of Alcoholism to phase out the Western Addition Center for Alcoholic problems and combine its services with the Haight-Ashbury Center.

Supervisor Francois presented:

File 189-77

Referred to Health and Environment Committee.

Adopted

Supervisor Francois presented:

File 42-77-15, Resolution No. 178-77

Supervisor Francois, seconded by Supervisor Gonzales, moved adoption.

Adopted by the following vote:

Ayes: Supervisors Barbagelata, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Pelosi—7.

Absent: Supervisors Molinari, Nelder, Tamaras, von Beroldingen—4.

Request Granted

Supervisor Francois requested that a communication be sent to the Mayor, inviting his support for the position that taxicab permits which are soon to be issued to individual applicants be granted only on the condition that such applicants operate as joint enterprises of some responsible size rather than an individual, non-radio or unavailable to telephone calls cabs.

No objection and Clerk directed to comply.

Referred to Committee

Resolution recommending that the City and County of San Francisco apply for a grant from the Economic Development Administration of the United States Department of Commerce, under Title IX of the Public Works and Economic Development Act of 1965, for the purpose of making a loan

to a group of former Yellow Cab drivers who have attempted to establish an employee stock ownership plan.

Supervisor Kopp presented:

File 169-77-2, Resolution No.

Referred to Fire, Safety and Police Committee.

Charter amendment, amending Section 3.670 of the Charter, relating to compensation to be paid to appointed members of the Retirement Board, to provide compensation for each appointed member thereof to be \$75 for each meeting of the Retirement Board actually attended by each such member.

Supervisor Kopp presented:

File 190-77

Referred to Legislative and Personnel Committee.

Charter amendment, amending the Charter by adding Section 8.518 thereto, relating to hearing and determination by a hearing officer of applications for disability leave, disability retirement or death allowance.

Supervisor Kopp requested that copies of the foregoing Charter amendments be transmitted to all appropriate departments, asking their comments no later than April 25, 1977, and he further requested that items be calendared for May meeting of the Committee.

No objection and Clerk directed to comply.

Supervisor Kopp requested that City Attorney be asked to furnish an opinion as to whether Charter Sec. 6.302, which provides that no obligation involving expenditure of money shall be incurred or authorized by any officer, employee, board or commission, unless the Controller first certifies that there is a valid appropriation from which the expenditure may be made, and that there are sufficient unencumbered funds available to the credit of such appropriation to pay amount of such expenditure when it becomes due and payable, has been violated by contracts pur-

portedly entered into by Wastewater Management Program Project Coordinator, Mr. Richard Sklar, without such prior certification.

No objection and Clerk directed to comply.

Supervisor Kopp requested that letter be directed to Chief Administrative Officer, asking for specific response to assertion by Budget Analyst in his March 22, 1977 report to Health and Environment Committee that the City has obligated itself to \$75,000,000 more for the Sewer Reconstruction Project than is necessary under applicable State and Federal law. (Wastewater Management Program staff has estimated the City's share of the \$1.5 billion project at \$300,000,000, which, according to the Budget Analyst, could be up to \$75,000,000 more than required by State and Federal regulations.)

No objection and Clerk directed to comply.

Supervisor Kopp requested that City Attorney be asked for an opinion as to whether Charter Section 7.204, which requires all laborers and mechanics employed on any public works contract within the limits of the City and County to reside in the City for one year prior to commencement of their services, applies to Wastewater Management Program.

No objection and Clerk directed to comply.

Budget Amended**Consideration Continued**

The following from Finance Committee with recommendation "Do Pass After Amendment" was taken up:

Annual Budget of the City and County of San Francisco for fiscal year 1977-78.

File 100-77-8

Supervisor Barbagelata presented the following statement on behalf of the Finance Committee:

May 9, 1977

**BUDGET STATEMENT OF
SUPERVISOR JOHN J. BARBAGELATA
ON BEHALF OF THE FINANCE COMMITTEE**

The Finance Committee, Supervisors Molinari, von Beroldingen and the undersigned, herein present to the Board its recommended City and County Budget for the fiscal year 1977-78.

Initially, the Committee commends and thanks Controller John Farrell, his budget assistants Bill O'Sullivan and David Fong, The Mayor's Executive Deputy for Program and Fiscal Administration, Rudolf Nothenberg, his Budget Assistants Ray Sullivan and George Millburn, and their staffs for their valued assistance and cooperation. Further, the Committee commends and thanks the Board's Bureau of the Budget for their efforts. All of these persons expended long hours to guide the Committee in its recommendations.

With the exception of the proposed new Citizen's Complaint Office in the Police Department, staffing for the District Attorney's Office, and the \$1 million funding for the Performing Arts Center, Supervisors Molinari, von Beroldingen and I submit the Finance Committee recommendations to the Board with unanimity.

The budget data of the School District and the Community College District are not included below because these budgets, by law, are not subject to either review or action by the Board.

Comparative Budget Data

1976-77	Budget	\$768.6 million
1977-78	Mayor's Recommended Budget	\$854.8 million*
1977-78	Finance Committee's Recommended Reduction of Mayor's Budget	\$ 34.8 million**
1977-78	Finance Committee's Recommended Budget	\$820.0 million

*Includes Mayor's Clerical Errors of \$2.7 million.

**Includes approximately \$19.4 million of salary and fringe benefit savings, \$15.9 million of which was included in the Mayor's budget as a revenue item in lieu of as a reduction in expenditures. Therefore the net effect of the Committee's recommended reductions is \$18.9 million.

The Committee believes that in recommending reductions in the Mayor's proposed budget of \$854.8 million, they are presenting a budget that is both equitable to San Francisco taxpayers as well as to the City and County departments.

Salary Savings

The Committee has recommended an additional \$3,447,688 over the Mayor's estimates to be included in the budget as estimated salary savings and related mandatory fringe benefit savings. Further, for the first time, the Committee has recommended that such savings be reflected on the expenditure side of the budget rather than on the revenue side as proposed by the Mayor. By doing this, the Committee discloses the correct total expenditure budget of the City and County in addition to effecting a budget reduction of \$19,384,694, of which \$15,937,006 will not, however, affect the tax rate.

Vehicles

For the first time, vehicles to be financed by ad valorem departments have been included in a separate budget index by the Mayor. The Mayor has recommended the approval of 91 vehicles for various departments and the Committee has recommended approval of 90 of these vehicles. Such vehicles are to be used by City personnel whose primary responsibilities are to be continuously in the field such as Building Inspection personnel. Subsequent to concern expressed by the Finance Committee as to which departments were to be allocated the vehicles, the Mayor transmitted a proposed vehicle allocation of 20 of the vehicles. The Committee's recommended approval of the remaining 70 vehicles is contingent upon appropriate legislation authorizing the City Purchaser to assign these vehicles to specific City departments. The approval of 90 vehicles at one time initiates a policy of replacing those high use City-owned vehicles which have experienced excessive maintenance and repair costs.

District Attorney

The Mayor approved 62 new positions for the District Attorney's Office including 34 new positions for the Family Support Bureau. The Committee, recognizing that the Family Support Bureau has been operating in a self-sustaining manner, has recommended approval of 14 of the 34 requested Family Support Bureau positions. With regard to the request for the 28 other positions including 14 attorneys, 5 administrative, and 9 clerical positions, the Committee has recommended approval of 5 at-

torneys and 5 administrative positions. The Committee disapproved the 9 clerical positions since 17 CETA clerical personnel have been recommended by the Mayor to assist the District Attorney. Supervisor von Beroldingen has dissented in the Committee's recommendations believing that the staff of the District Attorney should be further increased beyond the increases recommended by the Finance Committee.

Fire Department

The budget as recommended by the Committee and concurred in by the Fire Chief will result in a substantially increased level of fire protection service in 1977-78. The present daily manning level of 345 officers and firefighters on duty will be raised to 370 by next spring. Despite the significant increase in fire protection services, the Committee was able to effect a \$1,800,000 reduction in the Fire Department's budget. The Committee has recommended approval of 3 new Inspectors and 1 new Investigator to strengthen the Bureau of Fire Prevention and Public Safety. The Committee also noted that the fireboat is to be financed approximately 50% by the Fire Department and only 50% by the Port. While this has the effect of reducing the ad valorem tax support for the Port, conversely it increases the ad valorem taxes needed to finance the Fire Departments budget.

Police Department

The Committee has recommended the approval of 23 new civilian personnel for the Police Department. The new civilian personnel include 1 new Fingerprint Classifier and 1 new Assistant Criminalist to strengthen the Crime Laboratory. The purpose of 20 of these new civilian personnel is to enable non-uniformed related duties, now being performed by uniformed personnel, to be performed by civilian personnel in order to free uniformed personnel for police protection activities. The Committee deleted 5 new Senior Clerk Typist positions, 1 new Payroll Supervisor, 3 new Photographers, and 6 Clerk Typists. While the Committee concurs with the need for these personnel in order to release uniformed personnel for police protection services, the Committee recommends that less costly Federally funded CETA personnel be used by the Department in lieu of the requested ad valorem positions.

The Committee notes that it has been instrumental in the current fiscal year in the authorization of 200 additional uniformed positions and 200 additional civilian positions through the use of Community Development, CETA, Public Works Title II and City funds.

Supervisors Molinari and von Beroldingen's recommendations of new civilian positions included approval of 8 new civilian Internal Affairs Investigators and one new position of Assistant Director, Internal Affairs Bureau. These 9 civilian positions would supplement an additional 10 uniformed personnel in the

Internal Affairs Bureau which has the responsibility for investigating complaints against Police Officers. The approval of these 9 civilian personnel would release 1 Lieutenant and 8 Sergeants for Police protection activities. Chairman Barbagelata has dissented in this recommendation.

Municipal Railway

The Committee has recommended a cut in platform wages in the amount of \$2.0 million which will still enable the Department to meet 100% of its scheduled runs. In July 1976, the Committee concluded that the Municipal Railway maintenance operations were not being conducted in the most efficient, effective and economical manner. Therefore, the Committee awarded an outside consultant contract to Urban Transportation Development Corporation Ltd. (UTD) to study the maintenance operations. This Canadian firm, expert in the area of transportation, concluded in its study completed in December 1976 that the maintenance performance of the Municipal Railway is extremely poor. The Finance Committee immediately recommended and the full Board of Supervisors concurred in adopting a resolution urging the Public Utilities Commission to retain UTD to assist the Municipal Railway in implementing the recommendations contained in UTD's report. While the Public Utilities Commission is moving to contract with UTD, the process has been a slow one. Therefore, to expedite the process, the Committee has urged the Commission to submit a supplemental appropriation request to finance the proposed contract. The Committee has tentatively recommended approval of 58 new craft positions to work exclusively on maintaining the Municipal Railway, and further has tentatively recommended approval of a reorganization of administrative positions. However, the Committee believes that in order to significantly improve service to the users of the Municipal Railway, the proposed increased maintenance staff must be supplemented by the assistance of outside consulting expertise. Therefore, under the Committee's recommendations, with the exception of the first two months of salaries for 30 of the new maintenance positions, the expenditure of funds for all of these new positions is contingent upon a contract award to UTD and upon UTD presenting its report and recommendations to the Committee concerning these positions. The Committee believes that only with outside expert advice can a valid judgment be made as to the need for the new positions.

Sheriff

The Committee has recommended approval of 13 new positions including 6 Deputy Sheriffs, 1 Sheriff's Sergeant and 1 Sheriff's Lieutenant to man the City Prison. This request is in line with the previous coverage of the City Prison when it was under the jurisdiction of the Police Department. Further, the Committee has recommended approval of 3 Deputy Sheriffs and 1 Sheriff's Sergeant for the security ward at the San Francisco Medical Center.

San Francisco General Hospital

The Committee has recommended the approval of 134 net new positions for the Hospital and the transfer of 132 positions from the Community Mental Health Services, other divisions of the Health Department and from the Controller's EDP unit. Of the 134 new positions, 70 are in the Hospital's expanded psychiatric service, 28 replace Out-Patient staff formerly funded by a Federal grant and 36 positions are generally to improve the Hospital's administration and management. The positions were carefully analyzed and it is the Committee's belief that except for an approximately \$400,000 increase in ad valorem taxes needed to support the psychiatric service and an additional expense of about \$225,000 for Out-Patient services, the addition of the other new positions will increase revenues by more than their cost. Also, the Committee required that the Hospital reduce its expenditures for existing staff salaries and fringe benefits by \$399,100 to partially offset the costs of new positions.

Community Mental Health Services (CMHS)

The Committee recommended 165 net fewer positions for CMHS. Of this reduction, 89 positions were transferred to San Francisco General Hospital to partially staff its psychiatric service. However, with regard to all positions in the CMHS budget, the Committee has recommended that salary amounts be reserved for the last 6 months pending its review of the proposed reorganization of CMHS.

Public Defender

Recognizing the significant workload of the Public Defender, the Committee has recommended approval of 4 new positions including 1 Chief Public Defender Investigator, 1 Public Defender's Investigator and 2 Trial Attorneys.

Social Services

The Committee has recommended approval of 15 new positions including 4 Senior Management Assistants. Further, the Committee has recommended approval of funds for 2 attorneys. In the current fiscal year, the firm of Robert B. Carleson & Associates, Inc. was retained by the Board of Supervisors to conduct a comprehensive study of the entire department. The consultant's report, which will comment on the Department's organization, will be calendared for a public hearing in the near future.

Public Library

The Committee, recognizing that the library and reference book purchases have remained constant at \$650,000 since fiscal year 1974-75, has recommended that this account be increased by \$75,000 to \$725,000. Further, recognizing that the Library has historically been troubled with thefts and losses of books, the Committee has recommended approval of a book detector unit and a circulation system totalling \$249,535.

AMENDMENTS
TO THE ADMINISTRATIVE PROVISIONS
OF THE ANNUAL APPROPRIATION ORDINANCE
AND ANNUAL SALARY ORDINANCE

Based on data furnished by the Controller and the Civil Service Commission, the Committee recommends amendments to the Annual Salary Ordinance in accordance with the Controller's recommendations for charges and deductions for meals, laundry and housing provided to City employees whose compensation is subject to the provisions of Section 8.400 of the Charter and in accordance with the Civil Service Commission's recommendation that the maximum rate for part-time services shall not exceed \$312 per month for City employees whose compensation is subject to the provision of Sections 8.400 and 8.401 of the Charter. There are no recommendations to the Administrative provisions of the Annual Appropriation Ordinance. In the absence of contrary directives from the Board, the Committee will proceed further as recommended therein.
